Total number of clients transitionally housed	0	4
Total number of clients permanently housed	0	0
Total number of DMV vouchers distributed	2	41
Total number of hygiene kits distributed	6	157

Narrative

In this narrative section please note any special events, client highlights & successes, challenges, personnel changes, and any other program issues of note. The narrative content should relate to Venice affiliated clients and programs.

Hoover/23rd:

The outreach team continues to work closely with one of our existing Veterans. The outreach team and VASH (Veteran Affairs Supportive Housing) Program social worker continue to have some difficulties with receiving his California Identification Card (ID). The outreach team has made 4 attempts since December 2015 of applying for a California ID. We have yet to receive ID and is actively communicating with the Department of Motor Vehicles (DMV). We continue to be instructed to wait patiently for his ID. On Wednesday 4/27, the team made the 4th attempt to apply for another ID. We are hoping this will be the final attempt in applying for an ID.

Figueroa / Adams:

and are two women who sit across from each other on the bus benches. The two women have not been at this location when the team is out in the field lately. The team continues to keep both and on their radar.

We are currently waiting for an approval response for . Prescreening was submitted in March. The outreach team continues to provided services as needed.

Narrative, continued

39th Underpass:

The outreach team is consistently working with this particular underpass and continues to keep this location on their radar. The outreach team is actively working with 10 people who are require follow-up case management and services. The team continues to provide outreach to those that are more reluctant to services at this time.

Another couple at this location continues to save their income and make progress. The outreach team is working with the couple to begin a housing referral. The team is currently collecting the proper documentation needed to complete the referral. The team has offered direct transportation , however the clients are worried of their belongings being stolen when they leave their encampment. The outreach team tried to problem solved and insisted they go at separate times to prevent theft from occurring.

A mother whom was expecting a baby has given birth to her baby boy earlier this month. The family has maintained staying in a motel provided through LAHSA (Los Angeles Homeless Services Authority). The outreach team is currently working on connecting the couple to low-income housing for families and is waiting to receive an application to complete a referral.

The outreach team is happy to announce after [REDACTED] interviewed at Housing Authority of the City of Los Angeles (HACLA). [REDACTED] has received his section 8 housing voucher. The outreach team and [REDACTED] are actively searching for apartments that accept section 8 vouchers.

DMV Effort Event on 4/27/2016:

The outreach team collaborated with Aaron and Officer Biondo to make a “one quick 5 min stop” at the DMV for people who are in need of California ID’s.

The outreach team had 9 people scheduled, with 5 follow-throughs. Out of the 5, only 3 people were able to apply for an ID. The 2 that were unable to apply were informed by the DMV employee that a birth certificate was needed. The outreach team is working on applying for their birth certificates.

All of those who participated were very thankful and amazed on how quick the process was. Prior to this event, the team assisted in filling out the DMV applications, along with the ID fee waivers. The team held on to the applications for the individuals until the day of the event . The team is very appreciative for this effort event due to the fact that not having an ID is a big barrier when referring someone for housing. Our next step will be to follow up with everyone once ID’s have been received in order to schedule a day with them to apply for their social security card s, which is another barrier that these individuals face with their housing applications.

Hoover:

█ was referred to Rapid Rehousing due to criteria and eligibility. Within this month, he has had his interview at HACLA and received his section 8 housing voucher. The outreach team and J.H. are actively searching for apartments that accept section 8 vouchers.

Flower Dr / Exposition:

The outreach team is actively assisting █ to apply for his birth certificate. The outreach team came across some barriers when applying and then tried to locate him, yet he was gone from his usual hang-out area. The outreach team then contacted the FIG ambassadors to keep him on their radar as well. However, they have also reported that he has not been seen for several days in the area where he typically stays. The outreach team will continue to try and locate him, as well as remain in communication with the FIG ambassadors in regards to his whereabouts.

**If you have any questions about this report or this contract, please contact
Tescia Uribe at tesciau@epath.org or (310) 938-6348**

Thank you for your partnership with PATH in ending homelessness in your community.
